Williamsburg

Give your home a custom look with Royal Series Window Designs. Make your choice, traditional or contemporary.

Special Molded Resin makes these inserts sturdy, durable and rustproof. An ultraviolet-resistant vinyl coating adds protection; inserts won't crack or peel.

Integral Window Seals keep out wind and rain. Dual-durometer extruded seals (two kinds of vinyl in the same piece) stay soft and pliable.

Screw-in Fasteners hold the window frame snugly in place, yet make it easy to remove when replacing broken glass.

Snap-in Design lets you install the decorative inserts yourself, change them anytime you want, remove them for door painting or glass cleaning.

Now you can create the distinctively beautiful look of your home's custom entryway with elegant custom windows for your Royal Series garage door(s)- making another dramatically beautiful entrance on an even larger scale.

The look is totally authentic: beveled glass in clear and glue-chip styles, leaded or brass coming, and intricate geometric designs. But the material is acrylic, the wonderfully clear and incredibly strong engineering resin.

So, you get the best of both worlds: lasting beauty with safety, and security. Acrylic shrugs off impacts that would shatter glass. Should the acrylic ever break, it's into harmless fragments - not dangerous shards.

Now you can accommodate your flair for beauty and your desire for symmetry at an affordable price with these elegant, classic windows for your Royal Series garage door(s).
